KANSAS STATE NEWS

Kinsley has five lumber yards. Welling has had one game of ball al-

The first buildings of Norton are rapidly disappearing.

business house in Concordia.

been closed by the officers. of whits limestone. 35x120 feet.

The livery stable and contents of C. E. Halsey at Anthony was destroyed by fire a few nights since. Sixteen head of hor-ses were burned to death. Oberlin Eye: One hundred covered

immigrant wagons passed through town Saturday, en route for Thomas county and the western part of Decatur. Register: The county funding bonds

calling for \$25,000 were yesterday sold to A. S. Race for \$24,653, which speaks well for the financial credit of Washing-

Sterling Gazette: Thieves entered the store of George Gall last night, and stole

goods to the amount of \$50 or \$60, and some \$2 or \$3 in change left in the counter cash drawer. Norton Courier: Mr. Davis's little boy was climbing on the roof of a new house they were building and fell through

breaking both arms and otherwise bruis-

ing himself severely. Berry Logan says the Bull City Empire has shipped from this point during the past thirty days \$1,444 worth of eggs, and there were 2,806 dozen shipped from here besides; and it hasn't been a very good month for eggs either.

Gaylord Herald: The shortage in the accounts of ex-Treasurer Johnson, after a thorough overhauling, amounts to \$2,-500.85. Mr. Johnson will pay the amount like a man, but we surmise that a vigorous effort will be made to ascertain where the money has gone.

P. S. Lockwood, steward at the Arcade hotel in Newton was accidentally caught in the elevator of the house, and received injuries that may cause his death. The scalp was torn loose on the left side of his head from the crown down, tearing the ear loose. The bones of the right temple were fractured.

All of the grist mills in the North and South Solomon valleys are being run to their fullest capacities. Those at Beloit, Cawker City, Downs, Osborne City and Gaylord having a capacity of from 75 to 100 barrels a day. Nearly all of them employ traveling men.

Burlington Patriot: The absence of the proverbial March winds has been a noticeable feature in Kansas weather the last two seasons. These winds have long been the terror of all new comers, making them pine and sign to return to bosom of their "wife's folks." It is believed by many that the climate is changing as much in this respect as it has increased in rainfall.

Headlight: A colored family of twentythree persons arrived at Thayer Tuesday, this is only a sample of what is on the way from East Tenn. The father of the herd was here a few weeks ago and rented Pat Sullivans ranch, a few miles south east of town. These colored people from Tennessee are industrious and long as one family makes no more than

Wichita Beacon: Three shots of giant powder were recently fired in the water above the dam on Little River, and the concussion killed thousands of fish. The dastardly scoundrels, who have neither respect for the law nor humane feeling, took as many fish as they desired and left the others dead and adrift on the shores. Such an outrage deserves severe punishment, and we should like to chronicle the apprehension and arrest of the guilty parties. A heathen Digger Indian would not perpetrate such a wanton slaughter of game to gratify a present hunger or vicious propensity.

Paola Republican: Charley Olney, an old printer boy, formerly an employe of the editor of the *Republican*, at Garnett, was in town this week for a day or two. Charley has become what is known as a "tramp printer," and a confirmed one. Since last we saw him in Paola six or eight years ago, he has traversed all the Southern states, working in Virginia, the Carolinas and Georgia; has worked in the Government printing houseat Washington, on the Sun and other New York dailies; run a Sunday paper at Pough-keepsie, skimished all through the New England states, made a tour of Canada and got married in Iowa. And now he turns up in Kansas again, pretty seedy, of course, and dead broke, after the manner of all tramps. Charley has had a career.

STOCK SQUIBS.

Points and Items about Kansas Stock. Cholera is killing the hogs and some unknown disease the cattle in the neighborhood of Ballard's Falls.

Osborne Farmer: Miss Libbie Depuy is investigating her money in young cattle. Go gway ye heroes of the plain, but give to me the heroine.

Dodge City Times: A terrible prairie fire swept over the county from the rail-road near Howel north to the Buckner one day last week, destroying valuable range and some property of settlers.

Cowboy: Pat Ryan has been taking a trip through Finney and Hogeman coun-ties, with a view of seeking a new range for his cattle. He will probably locate on the Pawnee, in the neighborhood of Cowland. He says that he never saw a better grazing country than what shows up in that section. The Cowboy believes old Pat.

Caldwell Journal: Abe Mayhew reports that Milt Bennett's mare dropped a horse colt that ought to be valued at \$5,000. It was sired by Wm. M. Rysdyk, the famous trotting stallion making the season in this city. Abe says its a dandy and reminds him of a two foot 2x6 set upon ten 2x4 scaulings. The Hambletonians are usually very leggy.

Leanordville Monitor: S. A. Sargeant, of Madison Creek, is one of our most extensive stock men. He has a herd of over than any other man in his denomination.

were raised by himself. He has fenced tial improvements. He used over a ton of wire for two sides of this pasture.

Larned Eagle-Optic: Mr. S. D. Fitz-

horses, cattle or hogs, and the better grades are the more profitable, as it costs no more to keep good stock than scrubs.

that this is not a very healthy season for parties to jump his claims. Mr. J. K.

It Was a Winter Picnic.

A newspaper writer says: "Twenty years ago, when Sherman marched down to the sea, he saw before him a sullen toe; around him bleak fields, and ruined, smoking homestead; behind him tearful eyes and despairing hearts." The rear view of Sherman is correctly described, only the bleak fields any smoking homesteads should have been in the picture, says the Macon *Telegraph*. In fact, there was nothing before Cump, save helpless women and children, big, little, old and young negroes, stock of all kinds, well filled barns and loaded smokehouses. He and his bummers enjoyed a winter picnic of sausages, backbone, spareribs, chitlings, cracklin bread and sweet potatoes, and the mighty warrior and many of his men have been mad ever since that they cannot come down and gather loot, to the tune of "Marching Through Georgia." The historian of the future, in describing the "March to the Sea," will become as peckish as a reader of on of Dickens' novels.

Coffeyville Journal: Those who are fortunate enough to have blue grass or clover for pasturage, are now reaping the benefits of it, as it has already made a large growth.

—A resident of Los Galos, in Santa Clara county, hunts California lions with greyhounds, and captures and kills many

The Care of Children.

Boston, Mass .- A leading medical jour nal thinks it is about time mother should know how seriously the health of children is imperiled by the use of preparations containing morphia and opi um, and given for the cure of colds and coughs. The chemist of the Brooklyn Board of Health, Otto Grothe, Ph. D., a graduate of the University of Kiel, Ger-many, certifies officially that recently a harmless and yet effective article for suc complaints has come to his notice. He refers to the newly discovered Red Star Cough Cure, which he found purely vegetable.

-In Grass Velley, Cal., a physician has begun to "cut rates," and visits his patients now at half the old rates.

"Rough on Toothache." Instant relief. 15c "Rough on Itch," cures humore, eruptions, ringwore

-Massachusetts has more than 100 women serving on her school boards this year.

"Love Sees No Faults,"

it has been said; but when a woman is dragged down, emaciated, wan, and a shadow of her former self, with never a cheerful word, she can be no longer beautiful or lovable. Nature may have been generous in her gifts, and endowed her with all the charms of her sex, but disease has crept in unawares and stolen the roses from her cheeks, the lustre from her eye and the sunshine from her heart. But to be well again lies in your own power. Take Dr. Pierce's "Favorite Prescription," it will cure you; thousands have been cured by it. Nothing equals it for all the painful maladies and weaknesses peculiar to women. Price reduced to one dollar. By druggists.

-The City Council of Cleveland at-tended the skating rink in a body last Friday night.

Twenty-five Per Cent, Stronger Than Any Other Butter Color,

Other Butter Color.

BURLINGTON, Vr., May 3, 1882.

I hereby certify that I have examined the Butter Color prepared by Wells, Richardson & Co., and that the same is free from alkali or any other substance injurious to health; that I have compared it with some of the best of the other. Butter Colors in the market and find it to be more than twenty-five per cent. to be more than twenty-five per cent. stronger in color than the best of the

I am satisfied that it is not liable to be-I am satisfied that it is not liable to become rancid, or in any way to injure the
butter. I have examined it after two
months free exposure to the air, in a
place liable to large changes of temperature, and found no trace of rancidity,
while other kinds similarly exposed became rancid. A. H. SABIN,
Professor Chemistry, University of
Vermont.

Vermont. -Norway has the smallest number of inhabitants to the square mile of all the countries in Europe.

"Rough on Corns" hard or soft sorns, bunious. 15c.

"Bucks palls." Great Eldney and Urinary Cure.

—A leading English medical journal estimates that patent medicines cause the death of 150,000 persons per year.

For sale, two Van & Co.'s large double oven, wrought iron ranges, complete with steam and carving tables, water tank, etc., in good repair, and will be sold cheap; also, various other articles of hotel furniture. Apply at once to Fred. Poppendick, Topeks. Kaness.

-The New York Mail says a well over a half section of land this spring for pasture, besides various other substanner party to celebrate the reception of

Larned Eagle-Optic: Mr. S. D. Fitzgerald, Pawnee county's sheep king, shipped two hundred and fifty-five mutton sheep to the Kansas City market Tuesday night, that averaged one hundred and fifteen pounds a spiece. It was as fine a bunch of fat sheep as was ever shipped from this section of the State, and should bring top figures in any market when a legitimate, honest paper, by legitimate, honest paper, by legitimate, honest paper, by legitimate, honest many times duped, are ket where first-class mutton is desired.

The livery stable and contents of C. F. and should bring top figures in any market where first-class mutton is desired.

Concordia Empire: Stockmen in this vicinity are paying more attention of late to the improvement of the grades of both cattle and horses, as well as swine. They are willing to pay high prices for the services of imported males, and the results are noticable whenever you find any considerable number of either horses, cattle or hogs, and the better in this country. Every person who sends one dollar for a year's subscription to to A. S. Race for \$24,653, which speaks well for the financial credit of Washington.

Larned Eagle Optic: Col. Jacob Hanlan, the "Cattle King" of Stafford county, and Mr. J. K. Oliver of Stafford, were in the entries made upon government land at the Oberlin U. S. Land Office range from forty to eighty per day. Who says the coyote region is not coming to the front.

In more to keep good stock than scrubs.

Larned Eagle Optic: Col. Jacob Hanlan, the "Cattle King" of Stafford county, and Mr. J. K. Oliver of Stafford, were in this city this week on business before the land office. Notwithstanding claim jumpers have given him some trouble lately Col. Jack is as jolly and good natured as ever, and informs us privately ter, to whom you can write if you have tured as ever, and informs us privately ter, to whom you can write if you have that this is not a very healthy season for any doubts as to its reliability. It will pay parties to jump his claims. Mr. J. K. Oliver is a very quiet little gentleman in striking contrast to Col. Jack. who is very large and very jolly.

The parties to jump his claims. Mr. J. K. you to send for sample copy if nothing more than to get a look at this great twelve-page, sixty column, illustrated paper. Address Rural Home Co., Limited, Rochester, N. Y.
